

CREATE A FELT STORYBOARD

1. Gather coloured sheets of felt from your local craft store
2. Use the pattern sheets as a guide to create a variety of shapes in different colours
3. If your child is able to use scissors, let them create their own shapes!

VARIATIONS:

1. Make your own felt by throwing old wool sweaters and blankets in a hot water wash and dry
2. Paper Collage:
 - print the paper patterns, colour and cut out.
 - use construction paper as a backdrop
